TEMPORARY USE PERMITS FOR PORTABLE RESTROOMS

Events planned on public or private property that will provide the use of a portable restroom for a period of time greater than five (5) days, whether consecutive or sporadic, in one (1) calendar year must be granted a Temporary Use Permit by City Commission:

Section 6.11.A of Appendix B-Zoning Code of the City of Palmetto is intended to control the use and placement of portable restrooms to protect the public health, safety and welfare.

Sec. 6.11.A -Portable Restrooms

- A. For purposes of this section, "portable restroom" means a self-contained transportable unit that includes fixtures, incorporating holding tank facilities, designed to contain human excrement. Portable restrooms shall not be placed on any property for a period of time greater than five (5) days, whether consecutive or sporadic, in one (1) calendar year unless the city commission grants approval of a temporary use permit upon determining that placement of a portable restroom for a longer duration is not contrary to the public health, safety and welfare. If an applicant is seeking approval of a special function permit, a temporary use permit for portable restrooms may be approved as part of the special function permit approval.
- B. Failure to comply with any of the below requirements may result in denial or revocation of a temporary use permit for a portable restroom.
 1. Portable restrooms shall be constructed and maintained in a clean condition so that insects and rodents cannot enter the vault; and
 2. The director of public works, or his designee, shall ensure that portable restrooms are located on a parcel so as to minimize adverse effects on neighboring properties, water bodies, the city's stormwater system, and the public in general.
 3. All portable restrooms shall be equipped with antibacterial hand sanitizer.
- C. The use of portable restrooms for construction sites which have active building permits may be exempt from the provisions of this section with the written consent of the public works director or his designee, which consent may include written conditions deemed appropriate to safeguard the public health, safety and welfare.
- D. The use of portable restrooms on property owned by the city or the county shall be exempt from the provisions of this section.

NOTE: Upon receipt of a completed application, it will be placed on the next available Commission meeting for review. Commission meetings generally occur on the 1st and 3rd Monday of each month. Temporary Use Permit Applications are placed on the Commission's consent agenda, which is the first item considered after the meeting start time of 7:00 P.M. The applicant should plan to attend the City Commission meeting to respond to all questions the Commissioners may have.
