Section I. INTRODUCTION

The City of Palmetto, hereinafter the “City” is a political subdivision of the State of Florida located in Manatee County. The City is comprised of 7 square miles and 42 miles of paved road with a population of an estimated 14,200.

The City has a Mayoral form of government. The legislative and governing body of the City is a five-member Commission, elected from each of the three wards and two at-large members. Each Commissioner is elected to a four-year term.

The City of Palmetto provides a range of municipal services. The public safety operation includes police, as well as building inspections, code enforcement and zoning. Twelve parks make up the city’s recreational services including a historical park. Public Works provides the essential, street and highway maintenance, signalization, landscape maintenance, solid waste collection, water and sewer services, reclaimed water, and storm water utilities.

The Community Redevelopment Agency, hereinafter the “CRA,” is a public body, corporate and politic, created by the City of Palmetto pursuant to Chapter 163, Florida Statutes for the purpose of facilitating the elimination of slum and blight through redevelopment. In 1985, the City of Palmetto adopted the CRA Plan to guide such redevelopment within the CRA Area.

The CRA and City has acquired properties and intends to sell them to the successful proposer, as selected through this RFP process. On August 24, 2020, the CRA Board and City Commission approved to surplus three parcels and instructed staff to place properties for public sale according to state statutes.

Section II. PURPOSE AND SCOPE

The CRA, through the City of Palmetto, requests sealed competitive proposals, hereinafter “Proposals,” for the purpose of selecting a buyer to purchase and redevelop the properties. All properties are currently vacant.

The CRA’s objective is to facilitate the redevelopment of the property, or variation thereof. The CRA believes that this RFP process, the planned improvements that have been developed around the properties and CRA redevelopment incentives will allow a qualified buyer to plan an economically feasible revitalization of the parcel(s).

There will be no financing. Proposals should assume a check due at closing of sale and shall be subject to negotiations and modifications, after which the City and the CRA shall determine recommendation for the highest and best proposal/offer which in in the best interest of the public.

A brief description of the parcels, along with property use recommendations and exclusions, is included below.
